Welcome to the 2025-2026 school year! The Hamburg Community School District strives to provide all our students the best educational experience possible, and we hope this year will be full of new and rewarding learning experiences.

This Student/Parent Handbook is the primary and most efficient way for our school district to provide students and parents notice of the school districts' policies and practices. This handbook informs students and parents about the Boards' position on many issues such as discipline, attendance and eligibility for extracurricular activities. In addition, it conveys the school's spirit and the expectations of the school district. This handbook specifically addresses the rights and responsibilities of students. It is necessary that parents and students read all of this information together carefully at the beginning of the school year. If you need clarification on any part of it, please contact your child's building administrator.

In addition to this handbook, it is extremely important that parents carefully and completely read all communication that comes home from school, from the principal's office and from your child's teacher. The elementary school provides a "take-home" folder which we encourage children to use. Please make it a regular habit to check these "take-home" folders for information from school. If you have students in school, please make it a regular habit each day to ask them if they have school related information that you need to know. We also post updated information on the website, www.hamburgcsd.org, as well as send notifications through JMC.

The contributions and perspectives of Asian Americans, African Americans, Hispanic Americans, American Indians, European Americans, and persons with disabilities are presented in our educational programs.

Gender Fair (GF) approaches to the educational program are defined as approaches which foster knowledge of, and respect and appreciation for, the historical and contemporary contributions of women and men to society. The program shall reflect the wide variety of roles open to both women and men and which provide equal opportunity to both sexes.
Code No. 102.E2

Jurisdictional and Behavioral Expectations Statement

This handbook is an extension of board policy and is a reflection of the goals and objectives of the school board. The board, administration and employees expect students to conduct themselves in a manner fitting to their age level and

maturity and with respect and consideration for the rights of others. Students, teachers, employees and visitors are expected to treat each other with respect and courtesy so that all may be safe within the school environment. Students may not use abusive language, profanity or obscene gestures or language.

This handbook and school district policies, rules and regulations are in effect while students are on school grounds, school district property or on property within the jurisdiction of the school district; while on school-owned and/or school-operated buses or vehicles or chartered buses; while attending or engaged in school activities; and while away from school grounds if the misconduct directly affects the good order, efficient management and welfare of the school district or involves students or staff. School district policies, rules and regulations are in effect twelve (12) months a year. A violation of a school district policy, rule, regulation or student handbook may result in disciplinary action and may affect a student's eligibility to participate in extracurricular activities whether the violation occurred while school was in session or while school was not in session.

Students are expected to comply with and abide by the school district's policies, rules, regulations and student handbook. Students who fail to abide by the school district's policies, rules, regulations and student handbook may be disciplined for conduct which disrupts or interferes with the education program; conduct which disrupts the orderly and efficient operation of the school district or school activity; conduct which disrupts the rights of other students to obtain their education or to participate in school activities; or conduct which interrupts the maintenance of a disciplined atmosphere. Disciplinary measures include, but are not limited to, removal from the classroom, detention, suspension, probation and expulsion. Discipline can also include prohibition from participating in extracurricular activities, including athletics. The discipline imposed is based upon the facts and circumstances surrounding the incident and the student's record.

The school reserves and retains the right to modify, eliminate or establish school district policies, rules, regulations and student handbook provisions as circumstances warrant, including those contained in the handbook. Students are expected to know the contents of the handbook and comply with it. Students or parents with questions or concerns may contact their student's building administrator for information about the current enforcement of the policies, rules, regulations or student handbook of the school district.

Public Conduct on School Premises

The board expects that students, employees and visitors will treat each other with respect, engage in responsible behavior, exercise self-discipline and model fairness, equity, and respect. Individuals violating this policy will be subject to discipline. Students will be disciplined consistent with the student conduct policies. Employees will be disciplined consistent with employee discipline policies and laws. Others will be subject to discipline according to this policy.

Individuals are permitted to attend school sponsored or approved activities or visit school premises only as guests of the school district, and, as a condition, they must comply with the school district's rules and policies. Individuals will not be allowed to interfere with or disrupt the educational program or activity. Visitors, like the participants, are expected to display mature, responsible behavior. The failure of individuals to do so is not only disruptive but embarrassing to the students, the school district, and the entire community.

To protect the rights of students to participate in the educational programs or activities without fear of interference or disruption and to permit the school officials, employees, and activity sponsors and officials to perform their duties without interference or disruption, the following provisions are in effect:

Abusive, verbal or physical conduct of individuals directed at students, school officials, employees, officials, and activity sponsors of sponsored or approved activities or at other individuals will not be tolerated.

Verbal or physical conduct of individuals that interferes with the performance of students, school officials, employees, officials, and activity sponsors of sponsored or approved activities will not be tolerated.

The use of vulgar, obscene or demeaning expressions directed at students, school officials, employees, officials, and activity sponsors of sponsored or approved activities participating in a sponsored or approved activity or at other individuals will not be tolerated.

If an individual becomes physically or verbally abusive, uses vulgar, obscene, or demeaning expression, or in any way interrupts an activity, the individual may be removed from the event by the individual in charge of the event. Law enforcement may be contacted for assistance.

Individuals removed from school premises have the ability to follow the board's chain of command and complaint policies should they choose to do so. The exclusion is in effect should the individual choose to appeal the decision of the superintendent. The term "individual" as used in the policy also includes students and employees.

If an individual has been notified of exclusion and thereafter tries to enter a school building or attend a sponsored or approved activity, the individual will be advised that his/her attendance will result in prosecution. The school district may obtain a court order for permanent exclusion from the school building or from future school sponsored or approved activities.

Definitions

In this handbook, the word "parent" also means "guardian" unless otherwise stated. An administrator's title, such as superintendent or principal, also means that individual's designee unless otherwise stated. The term "school grounds" includes the school district facilities, school district property, property within the jurisdiction of the school district or school district premises, school-owned or school-operated buses or vehicles and chartered buses. The term "school facilities" includes school district buildings and vehicles. The term "school activities," means all school activities in which students are involved whether they are school-sponsored or school-approved, whether they are an event or an activity, or whether they are held on or off school grounds.

Definition of Homeless/Child Youth

A homeless child or youth ages 3-21; A child who lacks a fixed, regular and adequate nighttime residence and includes the following: A child who is sharing the housing of others (includes doubled-up families) due to loss of housing, economic hardship, or a similar reason; is living in a motel, hotel, or camping grounds due to the lack of alternative accommodations; is living in an emergency or transitional shelter; is abandoned in a hospital, or is awaiting foster care placement, a child who has a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for humans beings; a child who is living in a car, park, abandoned building, substandard housing, bus or train station, or similar setting; or a migratory child/youth who qualifies as homeless because of the living circumstances described above; includes youth who have run away or youth being forced to leave home.

GENERAL INFORMATION

School Day

The student day for PreK-8th grade: 8:00 a.m. until 3:30 p.m. Monday thru Thursday. The school day for High School will run 8:00-3:36 Monday – Thursday. The school day on Friday runs from 8:00 a.m. to 1:30 p.m. for all levels. The first bell will ring at 7:45. The second bell will be at 7:55. Tardy bell at 8:00 (Must be in class).

Arrival/Dismissal Procedures

Buses will drop students off and pickup them up on the west side of the building.

Parents will drop off and pickup students in the front of the building. When picking up students after school, please pull up to the next available spot and wait for the staff to dismiss your child.

Walkers or bike riders will be dismissed after the buses and parent pickups have occurred.

Inclement Weather

When school is canceled because of inclement weather prior to the start of the school day, students and parents are

notified over the following radio stations in Shenandoah 960 AM and 99.3 FM and it will be posted to the school website: www.hamburgcsd.org. Generally if school is canceled it is canceled by 6:00 a.m. Parents will receive a JMC text/e-mail alert to let them know about delays and cancellations. Occasionally roads become treacherous after 6:00 a.m. and a later decision becomes necessary. If school is dismissed because of inclement weather after the school day has begun, parents are notified by the same means. The missed school day may have to be made up at a later date. We ask that all parents carefully plan the options available to them in the event that school is dismissed early in the day. Planning ahead for an early dismissal helps to avoid confusion for all involved and helps to avoid communication problems in transporting your child where he/she needs to go.

Extracurricular activities or practices scheduled for the day or evening of a day when school is canceled or dismissed early are generally canceled and rescheduled. The principal may determine whether to hold extracurricular activities or practices. If the extracurricular activity is to be held, students and parents are notified in the same manner as the notification that school was dismissed.

Withdrawal from School

Students planning to move from the district should notify office personnel and get a transfer sheet to be completed by the teacher and signed by the administrator. All textbooks, library books and computers must be returned to school and all school fees paid before records will be transferred.

Legal Status of Student

If a student's legal status, such as the student's name or the student's custodial arrangement, should change during the school year, the parent or guardian must notify the school district and provide copies of any supporting legal documentation to the building principal. The school district needs to know when these changes occur to ensure that the school district has a current student record.

Lunch and Breakfast Programs

The school district operates a lunch and breakfast program. The school participates in the Free Universal Breakfast program that allows each student in our district the opportunity to enjoy a free breakfast Monday thru Friday. Students may either bring their own lunch to school or purchase a lunch which includes milk. Monthly menus are sent home with each student and can also be found on the district website.

Students are expected to observe proper behavior and good manners during breakfast and lunch. The students are expected to keep the noise at an appropriate level. A computerized “meal tracker” system is installed in the school district so that students may deposit any amount of money in their account. Breakfast, lunch, and afternoon milk (for students in grades K-5) will be deducted as they use it. Individual tickets are not necessary and parents may, if they so desire, have one “family account” for all of their children, regardless of grade level.

Parents are notified when an individual’s account or a family’s account is getting low. A letter/text message/email is sent to the parent/guardian notification of the account balance is sent home with the students. This awareness gives approximately one week to deposit money into their account before reaching a negative balance. If the account is negative, a student is not allowed to receive ala carte items. See the Student Fee Chart below for a listing of breakfast, lunch, and milk charges.

STUDENT ATTENDANCE

Compulsory Attendance Iowa Code Chapter 299

A child who has reached the age of six and is under sixteen years of age by September 15th is of compulsory attendance age. If a child reaches the age of sixteen (16) on or after September 15, the child shall be subject to the provisions of this policy until the end of the regular school year. In addition, a parent or guardian who has enrolled a child age five (5) in kindergarten or enrolled a child age four (4) in the statewide voluntary preschool program shall be subject to the requirements of this policy unless the parent or guardian notifies the District in writing of his or her intent to withdraw the child from school.

A child of compulsory attendance who is a resident of the District must enroll in the District schools unless:

- a. The child is enrolled in another accredited school; or
- b. The child has completed the requirements for graduation in an accredited school or has obtained a high school equivalency diploma; or
- c. The child is excused for sufficient reason by a court of record or judge; or
- d. The child is attending religious services or receiving religious instruction; or
- e. The child is attending a private accredited college preparatory school; or
- f. The child is blind or deaf, and the superintendent of the state school determines that the child is physically or mentally unable to attend school; or
- g. The child is exempted by the Director of the Iowa Department of Education based on religious beliefs and principles of the child's parents or guardians; or
- h. The child is receiving competent private instruction in accordance with Iowa law and the rules of the Iowa Department of Education, either directly by a licensed teacher in a non-accredited nonpublic school, directly by a licensed teacher in a tutorial or home school setting, indirectly by a licensed teacher assisting and supervising a parent, guardian or custodian who provides instruction, or directly by a parent, guardian or custodian.

Cross Reference: 501 Student Attendance
601.1 School Calendar
604.1 Competent Private Instruction

All students enrolled, including those not of compulsory attendance age, are expected by the Board of Education to attend school each day that school is in session, unless otherwise excused or exempted as outlined in this policy or Iowa law.

Students are expected to be in class and to make attendance a top priority. Only through attendance and class participation do students achieve the benefits of the education program. Participating in class discussion, developing an appreciation for the views and abilities of other students, and forming the habit of regular attendance are legitimate class objectives. Learning lost due to an absence can never be replaced. Regular attendance and being well prepared for class help students in school as well as prepare students for adulthood. Students who know they will be absent must notify the office prior to the absence.

Attendance Policy

Attendance is part of a student's permanent record and will be furnished to prospective and/or current colleges and employers. This information may also be requested by the armed services as part of the recruiting process.

Students who know they will be absent must notify the office prior to the absence. If advance notification is not possible, parents must notify their child's building office on the day of the absence prior to 8:00 a.m. If notification is not received, the office attempts to contact the parents at their emergency number. If no school/parent contact was made on the day of the absence, upon their return, the student must bring a note signed by the student's parents to the office explaining the reason for the absence. Please email Mrs. Peeler at tpeeler@hamburgcsd.org or call her at (712)382-2017 to report an absence or appointment.

Students are expected to be in class on time. Being tardy for class is considered an unexcused absence unless approved by the principal. The school determines when an absence is excused, unexcused or truant.

10 %	15%	20%
Chronically Absent	School Engagement Meeting	Truant
Letter sent to county attorney Letter sent to parents	School Engagement Meeting with parents, students, administration and interventionist	School District will contact county attorney The county attorney will enforce truancy laws

Excused Absences (include but are not limited to the following:)

1. Illness
2. Funeral
3. Medical and Dental Appointments with doctor's note
4. Required Court Appearance
5. School Sponsored Activity
6. Absences to attend a religious service or to receive religious instruction
7. Other absences excused by the administration

School administration may require verification in order to classify any absence as excused. Verification may be requested in the form of a doctor's note, written statement by a clerk of the court, written excuse by a minister or other means an administrator may deem sufficient to determine whether or not an absence shall be classified as excused.

Students are responsible for arranging make-up schoolwork. Students who know they are going to be absent prior to an absence must make arrangements with their teachers in advance to make up schoolwork. **Students have up to 2 days to make up schoolwork upon return from absence.** No credit will be given after 2 days. Administration can lengthen the amount of days to make up work due to extenuating circumstances.

Unexcused/Unverified Absences

- An absent student not meeting the provisions required to have an absence excused will have an unexcused/unverified absence.
- An absence is when a student misses three or more periods in one school day
- Parents shall have one week from the time a student returns to school to provide appropriate documentation to excuse the absence. Administrator approval will be needed for those seeking to excuse absences after the one week policy
- Attendance notification letters will be sent to parents/guardians upon accumulation of 5 day increments of absences.

- Physician notes are required for students to be excused when they accumulate a total of 5 absences and/or when a student misses three consecutive days. Students **must be seen** at the doctor's office to be excused. Other options to excuse a student may be granted upon approval of school administration.
- Possible interventions or the means to determine appropriate interventions may include, but are not limited to, developing a Student Support Plan (SSP); referral for a Family Team Meeting (FTM); completion of an Attendance Cooperation Agreement (ACA); referral to the board of education; meetings with the school-based interventionist, designated truancy officer, guidance counselor, administrator, and/or teachers.
- Students that have reached chronic absenteeism and it is determined that they (student and family) are not actively engaged in resolving the attendance issue, will have a referral made to the County Attorney for truancy mediation and/or a meeting with the school board.
- If the student continues to have multiple absences and tardy days after the truancy mediation contract has been signed, an affidavit will be filed with the County Attorney's office.
- **Students have 1 day to make up schoolwork upon returning from an unexcused absence.** This work will receive a grade of no more than a 50%. No credit will be given after 1 day. Administration can lengthen the amount of days to make up work due to extenuating circumstances.

Truancy

Students who are absent from their assigned class or class activity for reasons other than those listed as excused are truant. A student is also considered truant when a student is absent from school or absent from assigned classes without school permission after reporting to school. Students may not leave school without permission from the Principal or other designated individual. Leaving school grounds without prior approval will be considered truancy. If a student becomes ill, he/she should report to the school nurse or to the office so that prompt action can be taken. Acts of truancy will result in interventions (such as extended learning day, Saturday School, Etc.); denial of academic credit or grade level or course retention; required appearance before the board of education; and/or placement in alternative learning opportunities; and/or referral to the County Attorney.

Family Trips

Family vacation trips during the regular school year are discouraged because of the number of days students are absent during that time. When families decide to take vacations during the academic school year and days of school will be missed, a written request for the absence must be made. It must be signed by the parents and given to your child's building administrator at least 5 days before leaving. This allows teachers to prepare for work to be made up in advance. Homework may be turned in beforehand for full credit. These absences will be counted as unexcused.

Arriving Late/Leaving School Early

Any student arriving to school late must check at the office to obtain a tardy slip. Students leaving school before dismissal time must be signed out in the front office by a parent. This procedure helps to ensure that staff and drivers know that your child is out of the building and won't be riding the bus. Tardies will result in a detention to be served the same day. Failure to serve detention will result in an Out of School Suspension.

Absences and Activities

Students participating in school activities must be in school at least one-half day on the day of the event in order to participate in a school activity. The remaining half-day must be an **excused** absence. Only in extraordinary circumstances, may this rule be waived by the principal.

STUDENT SCHOLASTIC ACHIEVEMENT

Iowa Core Standards

The Iowa Core Standards provide Iowa schools a guide to delivering instructional content that is challenging and meaningful to students. The standards identify the essential concepts and skill sets for English Language Arts, Mathematics, Science, Social Studies, and 21st Century Learning Skills (Civic Literacy, Financial Literacy, Technology Literacy, Health Literacy, and Employability). The Iowa Department of Education and its partners have and will continue to provide guidance and assistance to Iowa's school districts and teachers in incorporating these skills and concepts into their local curriculum. The goal of the Iowa Core Standards is to ensure Iowa students are engaged in rigorous curriculum. You can find information on all Iowa Core Standards at the website, www.iowacore.gov.

Grade Reports

Students receive progress reports in the form of report cards at the end of each quarter and semester. They also receive midterm reports in the middle of each quarter. Students who have concerns about their grades should talk to their teachers to determine how they can improve their performance.

Students who receive an incomplete in a class must complete the class within 2 weeks after the start of the next quarter. Extensions may be granted by the teacher with the permission of the principal. Failure to finish an incomplete may result in a failing grade and loss of credit. At the end of the 4th grading period, arrangements to make up incompletes must be made between the student, teacher, and the building principal. Exceptions to the two-week period must be cleared with the building principal. If work is not completed in the allotted time, the incomplete may become an "F" resulting in loss of credit.

Progress Reports and Ineligible List

Beginning with the third week of each quarter, middle/high school teachers will submit a weekly ineligible list with students earning a grade of F in their classes. On Monday morning, teachers will notify students in their classes that they are on the ineligible list with a failing cumulative grade. The principal will attempt to make contact (phone, message, or email) with the parent/guardian to inform them of the situation. It is the parents' responsibility to make sure the office has the current contact information. Unless otherwise stipulated in the student's IEP, any student failing any classes will be ineligible to participate in extracurricular activities (including performances, competitions or dances) the following week (Monday through Saturday). Students will be expected to attend all practices and performances (unsuited) during that week. Students who are ineligible with an F at the end of the eighth week remain ineligible through the end of that quarter.

Homework

Teachers assign homework, extra class activities or assignments as necessary. Homework is an opportunity for students to

practice skills and activities, to share and discuss ideas, to review materials, to become acquainted with resources, to organize thoughts, to prepare for classroom activities or to make-up incomplete class work. Students are expected to complete homework on time. Failure to complete homework in a timely manner may result in loss of class credit and a failing grade in the class. Students may be asked to stay after school to make up work they have not completed at school only after a personal contact is made by the teacher. Students who need additional assistance are encouraged to meet with the teacher to schedule time outside of class for extra help.

Honor Roll and Academic Honors

The school district honors students who excel academically during a semester. Students who earn a grade point average of 4.0 – 3.75 will earn the Gold Honor Roll. Students who earn a grade point average of 3.75-3.50 will earn the Silver Honor Roll. Elementary students (3-6) who earn all A's will receive Gold Honor Roll, Students with A's and B's will receive Silver Honor Roll.

Talented and Gifted (TAG)

If at any time, you feel your child, at any grade level, would be better served by placement in a higher grade (acceleration), you should discuss this with your child's teacher or principal. The school will also make recommendations based on your child's academic performance.

Open Enrollment

Iowa's open enrollment law allows students residing in one district to request transfer to another school district upon the parent's request. Students wishing to open-enroll to another district must apply for open enrollment. Open enrolled students from low-income families may qualify for transportation assistance. Open enrollment may result in loss of athletic eligibility for students open enrolling. Students interested in open enrollment out of the school district must contact the home district superintendent for information and forms. Open enrollment date will follow state law.

STUDENT HEALTH, WELL-BEING AND SAFETY

Child Abuse/Child Neglect

The Code of Iowa, Chapter 235A.3, requires all school employees to report suspected child abuse or willful neglect. Staff members who have reason to believe or suspect that a child has been abused or neglected are legally responsible to report such information to the Department of Human Services (DHS). The school may notify parents that a report is being made to DHS but is not required by law to do so.

School Safety Plan

The Hamburg Community School District's Safety Plan ensures the safety of our students. This policy requires all visitors to enter the building via the front doors, sign in at the office, and receive a visitor's badge which is to be on display while in the building. Upon leaving the building, visitors are to sign out at the office. All doors are locked at all times. All visitors must be "buzzed" in by office personnel at the front doors.

Emergency Drills

Periodically the school holds emergency fire, intruder, and tornado drills. The difference between the fire alarm and the tornado alarm is easily distinguished. Proper procedures for these drills will be practiced throughout the school year. At the beginning of each semester teachers notify students of the procedures to follow in the event of a drill. Emergency procedures and proper exit areas are posted in all rooms.

Students are expected to remain quiet and orderly during a drill or an emergency. Students who pull the fire alarm or call in false alarms, in addition to being disciplined under the school district's policies, rules and regulations, may be reported to law enforcement officials.

In case of a tornado or another disaster, elementary and middle school children will be dismissed to their parents only, or

to another adult who has written permission from the parents of that child.

School Nurse

The school nurse serves all aspects of human growth and development. Sudden or chronic illness is one reason to visit the nurse for treatment, monitoring or consultation. The nurse evaluates infectious or communicable health problems and advises the administration or parents on recommended actions. Parents are contacted for serious health concerns. Other roles of the nurse include health screening and health education. At the elementary level immunization notices, notices regarding visits to the health room due to illness and accident reports will come home in your child's "take-home" folders. Special health problems such as asthma, allergies and other chronic illnesses should be reported to the nurse.

Immunizations/Dental/Vision and Lead Screenings

Prior to starting school or when transferring into the school district, students must present an approved Iowa Department of Public Health Immunization Certificate signed by a health care provider stating that the student has received the immunizations required by law. Students without the proper certificate are not allowed to attend school until they receive the immunizations. Only for specific medical or religious purposes are students exempt from the immunization requirements. In addition to current immunizations, dental, vision, and lead screenings are required by law for all entering Kindergarten students. Also, vision screenings are required for entering 3rd grade students and dental screenings are required by entering 9th grade students. Parents who have questions should contact the school nurse.

Physical Examinations

Parents are encouraged to have their children receive periodic physical examinations. It is policy that all preschool and kindergarten students have a current physical on file with the school nurse. Students participating in athletics are required to provide a school district physical examination form signed by the student's doctor stating the student is physically fit to perform in athletics prior to the start of the sport. Failure to provide proof of a physical examination makes the student ineligible.

Emergency Forms

At the beginning of each school year, parents must file an emergency form with the office providing emergency telephone numbers of parents as well as alternate persons to contact in the event the school is unable to contact the parents. The emergency form also includes a statement that gives the school district permission to release the student to the alternate person in the event the parents cannot be located. Parents must notify office personnel if the information on the emergency form changes during the school year.

Administration of Medication at School

Students may need to take prescription or non-prescription medication during school hours. Students may carry medication only with the permission of the parents and principal. The school must know the medications a student is taking in the event the student has a reaction or illness. Students must provide written instructions for administration of the medication as well as parental authorization for school personnel to administer the medication.

Medication is held in a locked cabinet and distributed by the school nurse, health associate or another staff member who has the Medication Administration certification. The dispensing of prescribed drugs is time consuming. Because of this we ask that if at all possible students not take medicine at school. If, however, medication must be given on a regular basis at specific times at school the following procedures will be followed:

Medication must be in the original container with the following information either on the container, in the instruction sheet or in the parental authorization: name of the student; name of the medication; directions for use including dosage, times and duration; name, phone number and address of the pharmacy; date of the prescription; name of the physician; potential side effects; and emergency number for parents.

Student Illness or Injury at School

A student who becomes ill or is injured at school must notify his or her teacher or another employee as soon as possible. In the case of a serious illness or injury, the school shall attempt to notify the parents according to the information on the emergency form. If the student is too ill to remain in school, the student will be released to the student's parents or, with parental permission, to another person directed by the parents.

While the school district is not responsible for treating medical emergencies, employees may administer emergency or minor first aid if possible. The school will contact emergency medical personnel, if necessary, and attempt to notify the parents where the student has been transported for treatment.

When to Stay Home

A student should not attend school when their temperature is 100 degrees or higher in the morning. Any student who has a temperature of 100 degrees or higher when at school will be sent home. A student must be fever free for 24 hours without Tylenol or any fever reducer medication before returning to school. For strep throat, a student may return to school 24-48 hours after beginning antibiotic treatment. Stomach aches or ear-aches that have interrupted sleep at night are generally organic in nature and often signify infection. Vomiting that occurs, followed by a fever usually indicates intestinal flu. Please keep your child at home to restrict the diet. Generally, intestinal flu is accompanied by vomiting, diarrhea, or both.

Student Insurance

The school does not carry insurance on the students who attend school. Student athletes must have health and accident insurance in order to participate in intramural or extracurricular athletics. Students must provide written proof of insurance prior to the start of the athletic activity. A letter from the parents stating that the student is covered is adequate proof of insurance. Student athletes who do not have and cannot afford insurance should contact their coach.

HAWK-I Insurance for Children

Parents can apply for low- or no-cost health insurance for their children through the state's Healthy and Well Kids in Iowa (HAWK-I) program. Children, birth to 19, who meet certain criteria, are eligible. The coverage includes doctor's visits, hearing services, dental care, prescription, immunizations, physical therapy, vision care, speech therapy and hospital services to name a few. Parents are urged to call 1-800-257-8563 (toll-free) or go to the web site at <http://www.hawk-i.org/> for more information.

Human Growth and Development

The school district provides students with instruction in human growth and development. Parents may review the human growth and development curriculum prior to its use and have their child excused from human growth and development instruction by contacting the building principal or school nurse. Before instruction begins parents will be notified.

Allergens

Parents must notify school personnel of their child's existing allergies and complete required district forms regarding allergies and reactions. Medical authorities must verify the allergies, specify foods to be omitted from the student's diet if applicable and include acceptable substitutions. In addition, it is the obligation of the student's parent or guardian to ensure that the information in the student's file is kept up-to-date with student health plans and accurate medication.

Allergens such as peanut/tree nut and natural rubber latex can be airborne, therefore triggering an anaphylactic reaction just by inhaling the allergen. As a public school building, Hamburg CSD cannot guarantee an allergen-free environment for students nor an allergen-free area in our school. However, we ask parents and guardians in our school community for cooperation and support to make our school as safe as is reasonably possible in this regard. Due to the number of children allergic to airborne allergens we solicit parental support for the following:

*When sending snacks to school for classroom events, DO NOT send nuts, products containing nuts, or food items processed in a facility that may contain allergens relating to nuts. Additionally, it is requested NO HOMEMADE FOOD ITEMS be brought to the building for snacks, including class parties and birthday treats. Please send only

prepackaged items that have been checked and are free of allergens that may cause anaphylactic reactions. Parents and teachers will sign a form indicating the pre-packaged item is allergen-free (to the best of their knowledge) prior to serving the snack.

Also, while we cannot mandate or dictate what students bring in their “sack lunch” from home, we do request that parents/students consider food items that are free of peanuts and peanut dust. It should be stressed that minute amounts of certain foods like peanut when ingested, touched or inhaled, can be life threatening. Children have had skin reactions just from simply contacting residual peanut butter on tables wiped clean of visible material. Therefore, protection of the anaphylactic child requires the school to exercise reasonable control over all food products, not only those directly consumed by the anaphylactic student. Because we cannot guarantee sack lunches are “peanut free”, students bringing sack lunches from home will sit with their class at a “sack lunch” table.

Physical/Sexual Abuse and Harassment of Students by Employees

The school district does not tolerate employees physically or sexually abusing or harassing students. Students who are physically or sexually abused or harassed by an employee should notify their parents, teacher, principal or another employee. The Iowa Department of Education has established a two-step procedure for investigating allegations of physical or sexual abuse of students by employees. That procedure requires the school district to designate an independent investigator to look into the allegations. The Hamburg School district has designated Mr. Gregg Cruickshank at 712-382-2017 as its Level I investigator.

Physical abuse is a non-accidental physical injury that leaves a mark at least 24 hours after the incident. While employees cannot use physical force to discipline a student, there are times when the use of physical force is appropriate. The times when physical force is appropriate include, but are not limited to, times when it is necessary to stop a disturbance, to obtain a weapon or other dangerous object, for purposes of self-defense or to protect the safety of others, to remove a disruptive student, to protect others from harm, for the protection of property or to protect a student from self-infliction of harm.

Sexual abuse includes, but is not limited to, sexual acts involving a student and intentional sexual behavior as well as sexual harassment. Sexual harassment is unwelcome sexual advances, requests for sexual favors or other verbal or physical conduct of a sexual nature when submission to such conduct is made either implicitly or explicitly a term or condition of the student's education or benefits; submission to or rejection of the conduct is used as the basis for academic decisions affecting that student; or the conduct has the purpose or effect of substantially interfering with a student's academic performance by creating an intimidating, hostile or offensive educational environment.

Communicable and Infectious Diseases

Students who have an infectious or communicable disease are allowed to attend school as long as they are able to do so and their presence does not pose an unreasonable risk of harm to themselves or does not create a substantial risk of illness or transmission to other students or employees. If there is a question about whether a student should continue to attend classes, the student shall not attend class or participate in school activities without their personal physician's approval. Infectious or communicable diseases include, but are not limited to, mumps, measles and chickenpox.

Physical Restraint of Students

State law forbids school employees from using corporal punishment against any student. Certain actions by school employees are not considered corporal punishment. Additionally, school employees may use “reasonable and necessary force, not designed or intended to cause pain” to do certain things, such as prevent harm to persons or property.

State law also places limits on school employees’ abilities to restrain or confine and detain any student. The law limits why, how, where, and for how long a school employee may restrain or confine and detain a child. If a child is restrained or confined and detained, the school must maintain documentation and must provide certain types of notice to the child’s parent.

If you have any questions about this state law, please contact your school. The complete text of the law and additional information is available on the Iowa Department of Education's web site: www.iowa.gov/educate and search for Timeout, Seclusion and Restraint.

Asbestos Notification

Asbestos has been an issue of concern for many years. The Asbestos Hazard Emergency Response Act of 1986 ([AHERA](#)) was designed to determine the extent of asbestos concerns in the schools and to act as a guide in formulating asbestos management policies for the schools. The school district facilities have been inspected by a certified asbestos inspector as required by AHERA. The inspector located, sampled and determined the condition and hazard potential of all material in the school facilities suspected of containing asbestos. The inspection and laboratory analysis records form the basis of the asbestos management plan.

A certified management planner has developed an asbestos management plan for the school district facilities which includes: notification letters, training for employees, a set of procedures designed to minimize the disturbance of asbestos-containing materials, and plans for regular surveillance of the materials. A copy of the management plan is available for inspection in the office.

STUDENT RIGHTS AND RESPONSIBILITIES

Educational Records

Student records containing personally identifiable information, except for directory information, are confidential. For a complete copy of the school district's policy on student records or the procedure for filing a complaint, contact the board secretary, in the central administration office.

The Family Educational Rights and Privacy Act ([FERPA](#)) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the School receives a request for access. Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate. Parents or eligible students may ask the school to amend a record that they believe is inaccurate. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the school as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the school board; a person or company with whom the school has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to

fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school district to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue
SW, Washington, DC 20202-5901
<http://www.ed.gov/policy/gen/guid/fpco/ferpa/index.html>

Directory Information

The parent has the right to inform the school district the parent does not want directory information, as defined below, to be released. Any student over the age of eighteen or parent not wanting this information released to the public must make an objection in writing by September 1st to the principal. The objection needs to be renewed annually.

Directory Information Is:

Name, address, telephone listing, date and place of birth, e-mail, address, participation in officially recognized activities and sports, weight and height of athletic participant, dates of attendance, degrees and awards received, the most recent previous school or institution attended by the student, photograph and likeness and other similar information.

In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories, names, addresses, and telephone listings, unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

Dress Code (Student Appearance) Board Policy 502.1

There is a strong connection between academic performance, students' appearance and students' conduct. Inappropriate student appearance may cause material and substantial disruption to the school environment or present a threat to the health and safety of students, employees and visitors on school grounds. Students are expected to adhere to reasonable levels of cleanliness and modesty. Students are expected to wear clothing that is appropriate to their age level and does not disrupt the school or educational environment.

Students are prohibited from: wearing clothing advertising or promoting items illegal for use by minors including, but not limited to, alcohol or tobacco; wearing shoes with cleats except for outdoor athletic practices; and wearing clothing displaying obscenity, profanity, vulgarity, racial or sexual remarks, making reference to prohibited conduct or similar displays. Under certain circumstances or during certain classes or activities a stricter dress code may be appropriate, and students must comply with the stricter requirement.

Guidelines for proper attire:

1. Low-cut/Halter/tube tops should not be worn at school.
2. The midriff/torso must be covered.
3. Mesh shirts and tank tops should not be worn to school as the only shirt worn.
4. Shorts, skirts, and dresses should come to midhigh.
5. Caps, hats, hoods, etc. are not to be worn in the building during the school day. HS/MS students can earn an exception to this rule.
6. No undergarment is allowed to show.

The administration/staff reserves the right to determine what is acceptable and what needs to be changed. Clothing will be provided to wear during the day of the infraction.

If students are not abiding by dress code, they will be asked to change into more appropriate clothing. If the student does not have appropriate clothing at school, they will be assigned to an in-school suspension until appropriate clothing can be brought to him/her.

Appropriate Use of Computers, Computer-Like Equipment, Computer Network Systems, and the Internet

The Hamburg School Board is committed to making available to students and staff members access to a wide range of electronic learning facilities, equipment, and software, including computers, computer-like equipment (such as tablets), Ipads, computer network systems, and the internet. The goal in providing this technology and access is to support the educational objectives and mission of the School District and to promote resource sharing, innovation, problem solving, and communication. The District's computers, computer-like equipment, computer network systems and internet connection are not a public access service or a public forum. The District has the right to regulate the material created, accessed, stored, transmitted and/or posted through the use of its computers, computer-like equipment, computer network systems and/or internet connection. The District's computers, computer-like equipment, computer network systems and internet connection are the property of the District and no student or staff member shall have any expectation of privacy in any materials therein.

Access to the District's computers, computer-like equipment, computer network systems, and the internet shall be available to all students and staff within the District. However, access is a privilege, not a right. Each student and staff member must have a signed acceptable use agreement on file prior to having access to and using the District's computers, computer-like equipment, computer network systems and the internet. The amount of time and type of access available for each student and staff member may be limited by the District's technology and the demands for the use of the District's technology. Even if students have not been given access to and/or use of the District's computers, computer-like equipment, computer network systems and/or the internet, they may still be exposed to information from the District's computers, computer-like equipment, computer network systems and/or the internet in guided curricular activities at the discretion of their teachers.

Every computer and/or computer-like equipment in the District having internet access shall not be operated unless internet access from the computer is subject to a technology protection measure (i.e., filtering software). The technology protection measure employed by the District shall be designed and operated with the intent to ensure that users are not accessing inappropriate sites that have visual depictions that include obscenity, child pornography or, with respect to student users, are otherwise harmful to minors. The technology protection measure may only be disabled for an adult's use if such use is for bona fide research or other lawful purposes. If a student is enrolled in a college class and experiences issues they will need to contact our tech support at greenhillsaea@hamburgcsd.org

The District's technology coordinator may close a user account or otherwise restrict use of the District's computers, computer-like equipment, computer network systems, and/or the internet at any time, and District administrators, faculty, or staff may request the technology coordinator deny, revoke, close, suspend, or otherwise restrict user accounts and/or privileges. Any user identified as a security risk or having a history of problems with computer systems may be denied access to the District's computers, the District's computer-like equipment, the District's computer network systems and the internet. The District may charge a student or staff member for any loss of or damage to the District's computers, computer-like equipment, computer network systems, and/or internet caused by the student or staff member. Students and staff members will be instructed by the District's technology coordinator or other appropriate personnel on the appropriate use of the District's computers, computer-like equipment, computer network systems and the internet.

The use of the District's computers, computer-like equipment, computer network systems and internet access shall be for educational purposes only. Students and staff members shall only engage in appropriate, ethical, and legal utilization of

the District's computers, computer-like equipment, computer network systems, and internet access. Student and staff member use of the District's computers, computer-like equipment, computer network systems and internet access shall also comply with all District policies and regulations.

Students will be able to access the District's computers, computer-like equipment and computer network systems, including use of the internet, through their teachers and/or other appropriate supervisors. Individual electronic mail addresses will be issued to students. Students will not be allowed to use e-mail except under very specific, limited educational circumstances. If a student has an electronic mail address that has been set up outside of school, the student will not be permitted to access that e-mail account or use that address to send and receive mail at school. All e-mail usage must follow the same privacy, ethical, educational, legal, and other considerations observed regarding other use of the District's computers, computer-like equipment, computer network systems, and the internet.

Parents will be required to sign a permission form to allow their students to access the District's computers, computer-like equipment, computer network systems and the internet. Students and staff members will sign a form acknowledging they have read and understand the District's policies and regulations regarding appropriate use of the District's computers, computer-like equipment, computer network systems and the internet; that they will comply with the policies and regulations; and that they understand the consequences for violation of the policy or regulations. Prior to publishing any student work and/or pictures on the internet, the District will obtain written permission from the student's parents to do so.

Other General Technology Rules

- Students are not to change settings on the computers. This includes any screen savers, desktops, icons, cursors and colors.
- Students are not to play games unless the teacher expressly grants permission. The games permitted by teachers will be educational in nature.
- Students may not use e-mail at school except for Google accounts.
- Students may not use other students' passwords and usernames.
- Students are not allowed to use Facebook or other social networking sites on school computers.

Cell Phone Policy

Iowa House File 782 bans personal electronic device (PED) use during school instructional time. HCSD will be strictly enforcing this policy. No students should have PEDs during school hours. Any contact with students should go through the office or administrators via phone or e-mail. In emergency situations, students will be excused from class and allowed to use the school phone to talk with parents/guardians. Refusal to follow HCSD's Cell Phone Policy & Iowa State Law will result in an unexcused Out-of-School Suspension.

All use of PEDs, including but not limited to, Cell phones, Smartwatches, Ipods, etc. is prohibited between the hours of 8:00 a.m. and 3:30/3:36 p.m. A secure location will be provided to deposit PEDs as needed. If a student has a PED out during the hours of 8:00 a.m. and 3:30/3:36 p.m., the first offence will result in the PED being confiscated, turned over to the principal, and returned to the student at the end of the day. If a second offense occurs the PED will be confiscated, turned over to the principal, and parent(s)/guardian(s) will have to pick it up from the principal and the student will be issued a detention. Any occurrence thereafter will result in confiscation, parental pickup, in-school suspension and the cell phone must be brought to the office during school hours any time it is brought to the school in the future.

The Hamburg Community District would like to remind all parents that all contact with their students throughout the school day should come through the main office. Cell phone access throughout the day has caused disruptions in the learning environment and loss of learning for our students.

Illegal Items Found in School or in Students' Possession

Students are prohibited from distributing, dispensing, manufacturing, possessing, using, and being under the influence of alcohol, drugs or look-a-like substances; and possessing or using tobacco, tobacco products, vapes and vape pens or look-a-like substances. Weapons are not allowed on school grounds or at school activities including hunting rifles even if

unloaded and locked in cars with the exception of weapons in the control of law enforcement officials, or those which are being used for educational purposes and approved by the principal. Students bringing firearms to school or possessing firearms at school will be expelled for not less than one year. Parents of students found in violation of this policy may be contacted, and the students may be reported to law enforcement officials.

Student Searches

In order to protect the health and safety of students, employees and visitors to the school district and for the protection of the school district facilities, all personal belongings on campus and student issued school property are subject to search and/or inspection. A search of a personal or school issued property will be conducted when there is reasonable suspicion that the search will turn up evidence violating the law or school district policy, rules, or regulations affecting school order.

Reasonable suspicion may be formed by considering factors such as the following:

- eyewitness
- observations by employees;
- information received from reliable sources;
- suspicious behavior by the student; or,
- the student's past history and school record although this factor alone is not sufficient to provide the basis for reasonable suspicion.

All searches will be conducted in the presence of at least one adult witness in addition to the inspector.

Student Lockers and Desks

Student lockers and desks are the property of the school district. Students shall use the lockers and desks assigned to them for storing their school materials and personal items necessary for attendance at school. It is the responsibility of each student to keep the student's assigned locker and desk clean and undamaged. The expenses to repair damage done to a student's locker and desk are charged to the student.

Although school lockers, desks and other spaces are temporarily assigned to individual students, they remain the property of the school district at all times. Each student will be assigned a locker that belongs to the school district. Obscene or lewd pictures are not allowed in school lockers. Food and drink are not to be stored in lockers because of sanitation and health concerns. Food and drink, other than water, must be kept in designated food service areas.

The physical education teacher and or coach may assign the students a physical education locker. The school cannot be responsible for items stolen from lockers.

The school district has a reasonable and valid interest in ensuring the lockers, desks and other spaces are properly maintained. For this reason, lockers, desks and other spaces are subject to unannounced inspections and students have no legitimate expectations of privacy in the locker, desk or other space. Periodic inspections of all or a random selection of lockers, desks or other space may be conducted by school officials in the presence of the student or another individual. Any contraband discovered during such searches shall be confiscated by school officials and may be turned over to law enforcement officials.

Care of School Property

Students are expected to take care of school property including desks, chairs, books, lockers, computers and other school equipment. Vandalism is not tolerated. Students found to have destroyed or otherwise harmed school property may be required to reimburse the school district. In certain circumstances, students may be reported to law enforcement officials.

Driving and Biking to School

Students riding bicycles to school need to proceed with caution. Streets are narrow and some cars travel at a high rate of speed while others are parked on the street. Buses are coming to school and there are pedestrians on the sidewalks and on

some roadways. All of these things combined may make bicycle travel hazardous. All student parking is located in the upper parking lot on the school grounds. No students should park in the lower level parking lot.

Threats of Violence

All threats of violence, whether oral, written, or symbolic, against students, employees, visitors, or to school facilities are prohibited. All such threats will be promptly investigated. Law enforcement may be contacted. Threats issued and delivered away from school or school activities may be grounds for disciplinary action if the threat impacts the orderly and efficient operation of the school. Students engaging in threatening behavior will face disciplinary consequences up to and including expulsion.

Home school or home school assistance program students enrolled in classes or participating in school activities in the school district are subject to the same policies, rules and regulations as other students and are disciplined in the same manner as other students. Dual enrollment students interested in participating in school activities or enrolling in classes should contact the building administrator where the student would attend.

Postsecondary Enrollment

Students in grades 9-12 are eligible to enroll in post-secondary college courses. Students must have prerequisites required by the college before enrolling. Students qualify by demonstrating proficiency on the ISASP. The school will be responsible for all fees and books associated with the college courses. Please contact the school counselor if you are interested in enrolling.

STUDENT ACTIVITIES

Assemblies

Throughout the year the school district sponsors school assemblies. Attendance at these assemblies is a privilege. Students must act in an orderly fashion and remain quiet on their way to an assembly, during an assembly and on their way back to the classroom after an assembly. Students attend assemblies unless, for disciplinary reasons, the privilege is taken away. Students who are not attending assemblies shall report to the office during assemblies.

Field Trips

In certain classes, field trips and excursions are authorized and may be taken as an extension of the classroom to contribute to the achievement of the educational goals of the school district. Prior to attending a field trip, students must return written permission signed by the student's parent or guardian. If a field trip is required for a course, students are

expected to attend the field trip. Absences in other classes or school activities due to attendance on field trips or excursions are considered excused absences.

While on field trips, students are guests and considered ambassadors and representatives of the school district. Students must treat employees, chaperones and guides with respect and courtesy. Violation of the student handbook during a field trip will result in the same disciplinary action as if the student were on campus.

School-Sponsored Student Organizations

School-sponsored student organizations are those which are recognized by the school district and board. Please see the administrator for more information.

Participation in school-sponsored student organizations is a privilege. Individual sponsors or coaches may impose rules in addition to those contained in this handbook. The privilege of participation may be suspended or canceled for violating an individual coach's or sponsor's rules as well as for violation of school district policies, rules or regulations.

Student Funds and Fundraising

Students may raise funds for school activities upon approval from the principal prior to the fundraising event or the start of a fundraising campaign. Request forms may be obtained from the front office. Funds raised remain in the control of the school district and the board. School-sponsored student organizations must have the approval of the principal prior to spending the money raised. Classes that wish to donate a gift to the school district should discuss potential gifts with the principal prior to selecting a gift.

Students may not solicit funds from teachers, employees or other students during the school day. Students who violate this rule will be asked to stop. Violations of this rule may result in future fund raising activities being denied.

All school groups who wish to participate in fundraising activities should have an elected treasurer. The treasurer should provide a monthly report to the principal prior to the 3rd Monday of each month.

Use of School District Facilities by Student Organizations

School district facilities are available during non-school hours to school-sponsored and non-school sponsored student organizations for the purpose of meetings or activities. Students wishing to use the school district facilities should contact their sponsor or their building principal to reserve a room. School district policies, rules and regulations are in effect during these meetings.

School district policies, rules and regulations apply to students as well as non-students at school dances. Students and non-students violating school district policies, rules or regulations are asked to leave the dance and school grounds. Students with dates not enrolled in the district must sign up in the office and submit the approval form at least one week prior to dance. A student's guest who does not attend Hamburg must be under the age of 19 and approved by the principal.

Students failing at the end of a semester will be ineligible for 30 consecutive days of the next semester or summer. Grade checks will be conducted by the school counselor or principal. Report will be provided to the Athletic Director after review.

If the student has an IEP, the decision will be left to the jurisdiction of the local LEA. (This follows the Iowa code set by the IHSA, IGHSA, and IHSSA.) All students, including athletes, performers and spectators, must be at school one-half day (four full class periods) in order to attend or participate in the event. Good Conduct Rule

The Board of Directors of the Hamburg Community School District offer a variety of voluntary activities designed to enhance the classroom education of its students. Students who participate in extracurricular activities serve as ambassadors of our schools throughout the calendar year, whether away from or at school. Students who exercise the privilege of participating in extracurricular activities must conduct themselves in accordance with board policy and must refrain from activities that are illegal, immoral, or highly inappropriate. Participation in these activities is a privilege, conditioned upon meeting the eligibility criteria established by the board, administration, and individual activity coaches and sponsors. The school principal shall keep records of violations of the Good Conduct Rule.

Activities in which a student may lose eligibility by violating the Good Conduct Rule include but are not limited to: athletics, instrumental and vocal music performances and contests, drama productions, speech contests, FCCLA, FFA, Student Council, all co-curricular clubs (e.g., Art Club, Math Club), all honorary and elected offices (e.g. Class officer, student government officer or representative), state contests attendance at art fairs and art trips, student dances, and all other extracurricular activities.

Extracurricular activities that are graded in the classroom and contribute to classroom credit are exempt from the Good Conduct Policy.

Academic Eligibility

To be eligible for an activity, students participating must:

- Be enrolled or dual-enrolled in school;
- Have met academic eligibility standards according to the Hamburg Student Handbook.
- Have met all transfer requirements, if the student is a transfer student, or eligible under state law and regulations if the student is an open enrollment student.

Special Education students or students covered by a Section 504 plan shall not be denied eligibility on the basis of scholarship if the student is making adequate progress, as determined by the staffing team towards the goals and objectives on the student's IEP or accommodation plan.

To retain eligibility for participation in Hamburg Middle/Charter High School's extracurricular activities, students must conduct themselves as good citizens, at all times, both in and out of school. Students who represent the school in an activity are expected to serve as good role models to other students and to the members of the community.

Any student, after being confronted with the allegation, the basis of the allegation, and given the opportunity to tell the

student's side and is considered more likely than not to have violated the school's Good Conduct Rule will be deemed ineligible for a period of time, as described below. A student may lose eligibility under the Good Conduct Rule for any of the following behaviors:

- Engaging in any act that would be grounds for arrest or citation in the criminal or juvenile court system, excluding minor traffic offenses, regardless of whether the student was cited, arrested, convicted, or adjudicated for the act(s).

If a student transfers in from another Iowa school or school district and the student had not yet completed a period of ineligibility for a violation of a Good Conduct Rule in the previous school district, the student shall be declared ineligible.

Penalties

When the administration believes it is more likely than not that the student violated the Good Conduct Rule, during the school year or summer, the student is subject to a loss of eligibility as follows:

- The student must complete the season/activity for the ineligibility to be fulfilled.

Appeals

Any student who is found by the administration to have violated the Good Conduct Rule may appeal this determination to the superintendent by contacting the superintendent within three (3) days of being advised of the violation. The penalty will be in effect pending the superintendent's decision.

If the student is dissatisfied with the decision of the superintendent, he or she may appeal to the school board by filing a written appeal with the board secretary at least three (3) days prior to the next board meeting. The review of the board will be in closed session unless the student's parent (or the student, if the student is at least 18 years of age) requests an open session. The grounds for appeal to the school board are limited to the following: the student did not violate the good conduct rule, or the student was given inadequate due process in the investigation and determination of the Good Conduct Rule. The penalty will remain in effect pending the outcome of the meeting with the board.

If the school board reverses the decision of the administration, the student shall be immediately eligible and shall have any record of the ineligibility period and violation deleted from the student's record.

Where a student is suspended pending a hearing, said student shall be afforded means of alternative education during the period of such suspension. The building administrator shall have the authority to suspend the student up to ten days while waiting on the hearing.

When it is felt that sufficient reasons exist for calling a meeting of the Board of Education to consider the expulsion of a student, the Superintendent of Schools shall notify the student and parents, or legal guardians, of said student, of the place and time at which the Board of Education will hold said meeting. Such notice shall be both oral and written and shall also include a summary of the specific reason(s) for the consideration of the expulsion of the student. SCHOOL/HOME RELATIONS

Teacher Qualifications/Parental Right to Know

Parents and Guardians in the Hamburg Community School District have the right to learn about the following qualifications of their child's teacher: state licensure requirements for the grade level and content areas taught; the current licensing status of your child's teacher; and baccalaureate/graduate certification/degree.

Statement of Assurance Related to Highly Qualified Teacher Assignments:

If, due to circumstances out of the districts control, a substitute or replacement teacher will be assigned to your students classroom or class for a period of time of four or more consecutive weeks and that teacher is not highly qualified in accordance with federal and state laws then the district will notify you of the situation. It is the intention of both the Hamburg Community School Districts to provide 'highly qualified' teachers in all areas to the best of the districts' ability throughout the school year.

Parents or guardians may request this information from the Office of the Superintendent by calling 382-2017 or sending a letter of request to Office of the Superintendent, 309 S Street, Hamburg, Iowa 51640.

HOMELESSNESS INFORMATION FOR PARENTS

If your family lives in any of the following situations:

- in a shelter, motel, vehicle, or campground
- on the street
- in an abandoned building, trailer, or other inadequate accommodations, or
- doubled up with friends or relatives because you cannot find or afford housing then, your preschool-aged and school-aged children have certain rights or protections under the McKinney-Vento Homeless Education Assistance Act of 2001.

Your children have the right to:

- go to school, no matter where you live or how long you have lived there. They must be given access to the same public education, including preschool education provided to other children.
- continue in the school they attended before you became homeless or the school they last attended, if that is your choice and is feasible. If a school sends your child to a school other than the one you request, the school must provide you with a written explanation and offer you the right to appeal the decision.
- receive transportation to the school they attended before your family became homeless or the school they last attended, if you or a guardian requests such transportation.
- attend a school and participate in school programs with children who are not homeless. Children cannot be separated from the regular school program because they are homeless.

- enroll in school without giving a permanent address. Schools cannot require proof of residency that might prevent or delay school enrollment.
- enroll and attend classes while the school arranges for the transfer of school and immunization records or any other documents required for enrollment.
- enroll and attend classes in the school of your choice even while the school and you seek to resolve a dispute over enrolling your children.
- receive the same special programs and services, if needed, as provided to all other children served in these programs.
- receive transportation to school and to school programs.

When you move, you should do the following:

- Contact the school district's local liaison for homeless education (see phone number below) for help in enrolling your child in a new school or arranging for your child to continue in his or her former school. Or, someone at a shelter, social services office, or the school can direct you to the person you need to contact.
- Contact the school and provide any information you think will assist the teachers in helping your child adjust to new circumstances.
- Ask the local liaison for homeless education, the shelter provider, or a social worker for assistance with clothing and supplies, if needed.

The District and the Board are committed to providing all students with a safe and civil school environment in which all members of the school community are treated with dignity and respect. To that end, the board has in place policies, procedures, and practices that are designed to reduce and eliminate bullying and harassment as well as processes and procedures to deal with incidents of bullying and harassment. Bullying and harassment of students by students, school employees, and volunteers who have direct contact with students will not be tolerated in the school or school district.

- Submission to or rejection of the conduct by a school employee is used as the basis for academic decisions affecting that student; or
- The conduct has the purpose or effect of substantially interfering with the student's academic performance by creating an intimidating, hostile, or offensive educational environment.

In situations between students and school officials, faculty, staff, or volunteers who have direct contact with students, bullying and harassment may also include the following behaviors:

- Requiring that a student submit to bullying or harassment by another student, either explicitly or implicitly, as a term or condition of the targeted student's education or participation in school programs or activities; and/or

Library

The Library is central to the learning environment of our students. It is a work center. Students and teachers are encouraged to use the Library. However, rules and rights of others must be respected. Students in the Library are expected to conduct themselves in a manner that allows others to concentrate and study. The teacher-librarian, is available to help when preparing projects, reports, papers, and other assignments which involve research.

The following guidelines must be followed:

1. Students are to have a pass from a teacher in order to come to the Library.
2. No food or drink is allowed in the Library.
3. Talking is to be kept to a minimum.
4. Books may be checked out for two weeks and renewed once.
5. Books may be put on hold at a student's request.

Student Assistance Team

The Student Assistance Team – S.A.T. – is a building-level system designed to assist problem solving by and for teachers and students. Two general education teachers, counselor, and the building principal will serve as a core team, but the size of the team will vary to include other individuals on an ad hoc basis. The SAT team process is based on the belief that we can work through a group problem-solving process and address the needs of any student that is in need of assistance. If you would like to refer a student, please call the building principal.

Guidance Program

The school district guidance program is divided into counseling and information services. Each of these categories is interdependent and assists students with their personal, educational and career development and in becoming well-rounded, productive adults. Confidentiality is maintained by the employees involved in the guidance program.

Textbooks

Students should plan to bring their textbooks to class each day unless the teacher instructs them otherwise. Textbooks are the property of the Hamburg Community Schools. If a student has lost a textbook for over a week, the student will be assessed the replacement cost of the book. A letter will be sent to the parents as notice of payment due. At that time, the student will be issued another textbook for use. If the original book is found, reimbursement will be made. Students are asked to take care of their textbooks and respect the property of the school. **Students will be asked to pay for lost or damaged books.**

Citizenship

Being a citizen of the United States, of Iowa and of the school district community entitles students to special privileges and protections as well as requiring the students to assume civic, economic and social responsibilities and to participate in their country, state and school district community in a manner that entitles them to keep these rights and privileges.

As part of the education program, students have an opportunity to learn about their rights, privileges and responsibilities as citizens of this country, state and school district community. As part of this learning opportunity, students are instructed in the elements of good citizenship and the role quality citizens play in their country, state and school district community.

Inspection of Educational Materials

Parents and other members of the school district community may view the instructional materials used by students. Copies may be obtained according to board policy. Tests and assessment materials are only available for inspection with the consent of the superintendent. Persons wishing to view instructional materials or to express concerns about instructional materials should contact their child's building principal.

TITLE I Reading

Qualifying students will receive skill interventions in addition to regular reading program provided in the classroom.

Title I Parent Involvement Policy

It is the policy of the Hamburg Community Schools that parents of participating children shall have the opportunity to be involved jointly in the development of the district plan and in the district's review process for the purpose of school improvement. Recognizing that parental involvement is the key to academic achievement, we seek to involve parents in an effective home-school partnership that will provide the best possible education for our students. The district encourages parent involvement and supports this partnership through providing information about standards and assessments; providing training and materials for parents to help their children; educating school personnel about involving parents and the value of parent contributions; and developing roles for community organizations and businesses to work with parents and schools.

1. This jointly developed and agreed upon written policy is distributed to all parents in our Title I schoolwide building through the Parent Handbook which is distributed to every family during the first week of school.
2. Two annual meetings, one in the fall and one the spring, are held, for all parents of participating children. Additional meetings with flexible times shall be held throughout the year and be determined by parent suggestions. Notification will be sent in the building newsletter. Family Activity Nights may be implemented during the school year as they have been in past school years and the Title I meetings may be incorporated into these evenings.
3. Parents are given assistance in understanding the Title I requirements, standards, and assessments through the annual meetings and parent-teacher conferences.
4. Parents receive an explanation of the school's performance profile, the forms of academic assessment used to measure student progress, and the expected proficiency levels in the annual progress report which is available to all patrons in the fall of the year for the previous school year, through individual reports given to parents at conference time, and through report cards.
5. Parent recommendations are encouraged and responded to in a timely manner. Verbal or written responses will be given for all recommendations.
6. Parents will be involved with the planning, review, and improvement of the schoolwide programs through the Title I Parent Advisory Committee. If the schoolwide program is not satisfactory to the parents of participating children, they may submit comments to the Title I PAC. Parents will be notified in a timely manner should their child be taught for four or more consecutive weeks by a teacher who is not highly qualified.
7. A jointly developed school/parent/teacher/principal compact outlines how parents, the entire school staff, and students all share responsibility for improved student achievement. The compact also describes the means by which the school, parents, teachers and principal will build and develop a partnership to help children achieve our local high standards. It is

printed in the parent handbook and is reviewed at the annual meeting. It is distributed to all students the first week of school. Three copies of the signed document will be made, one for the parents, one for the student to keep in a folder in their desks and one copy for the student's cumulative folder.

8. The Title I program provides opportunities for parents to become partners with the school in promoting the education of their children both at home and at school. Parents are given help monitoring their student's progress and provided assistance on how to participate in decisions related to their student's education. The school also provides other reasonable support for parental involvement activities as requested by parents. Parents are encouraged to participate as volunteers in the school setting. Individual conferences will also be held upon request. A parent resource center, which contains reports on educational issues, books and videos, is available to parents for check out at the elementary building.

9. The school continues to coordinate and integrate, to the extent feasible and appropriate, the parent involvement policy and other programs and activities within the district. Transitional information for students moving from sixth grade to seventh grade will be provided to parents at Marnie Simons Elementary at the annual spring meeting.

10. An annual evaluation of this parental involvement policy shall be conducted to determine its effectiveness. Findings will be used to design strategies for school improvement and revision of policies. The annual spring meetings will serve as the site for discussions of program adjustments.

Providing all students with equal access to quality education is our primary purpose. It is crucial that all partners (students, parents, educators, and communities) have the opportunity to provide input and offer resources to meet this purpose. As these partnerships are mutually beneficial, developing cooperative efforts will ensure improved academic achievement for all students.

Each student and parent will be required to complete a compact each school year. The compact will be sent home for a parent signature, once it is returned to the school two copies will be made, one for the student, one will be sent home for the parent, and the original will be placed in the student's cumulative folder.

BLOOD CONTACT

Students should not touch or clean up blood of another student in any setting. The district has procedures designed to deal with bleeding incidents. Students should notify a staff member if a bleeding incident occurs.

EMERGENCY DRILLS—FIRE, TORNADO AND BUS EVACUATION

Emergency drills are practiced several times during the year to prepare students for the event of an actual fire, tornado or bus emergency. Instructions are posted in each room regarding the proper procedures. All procedures are supervised by the teachers.

Fire Drill

The fire drill will be the intermittent buzzes of the fire alarm system. Before you leave the room, please close all windows and the classroom door if possible. Students should then walk single file to their outside location and wait for the all clear signal before going back into the school.

Tornado Drill

The tornado drill will be announced over the intercom. Students are to walk single file to their tornado shelter locations, taking a hard cover book with them if possible, to open over the back of their neck. The principal is the lookout. All other teachers should be with their respective group or class.
